### APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This permit to change the point of diversion of the waters of Leidy Creek as heretofore granted under Permit No. 10532 is issued subject to the terms and conditions imposed in said Permit No. 10532 and with the understanding that no other rights on the source will be affected by the change proposed herein. A substantial headgate must be installed at or near the new point of diversion to facilitate the measurement and control of the water. The state reserves the right to regulate the use of the water under this proposed change at any and all times.

The amount of water to be changed should be limited to the amount which can be applied to beneficial use, and not to exceed 3.0 cubic feet per second.

Actual construction work shall begin on or before January 24, 1946

Proof of commencement of work shall be filed before February 24, 1946

Work must be prosecuted with reasonable diligence and be completed on or before January 24, 1947

Proof of completion of work shall be filed before February 24, 1947

Application of water to beneficial use shall be made on or before \_\_\_\_\_

January 24, 1948. Proof of the application of water to beneficial use must be filed with State Engineer on or before February 24, 1948.

Proof of commencement of work filed JAN 8 1946

Proof of Completion of work filed JAN 8 1946

Proof of Beneficial use filed FEB 1 1946

WITNESS MY HAND AND SEAL this 24th day  
of July, 1945
